Thomas Carrique,

I have conducted an investigation in regards to the wrongful prosecution and miscarriage of justice of Mr. Gaspare Salvatore Vattiata (Omegaman Casper Salvation) and due to my review of all the evidence in partnership with Mr. Leach of LECA, Jennifer Oliva of the Law Society of Ontario and Katheryn Campbell of Innocence Ottawa we have absolved and released Mr. Vattiata of his Criminal Record from August 6th, 1998 and everything in between up until January 26th, 2024. Mr Vattiata is released from his House Arrest and probation order and has permission to remove his Recovery Science ankle monitor on his own. Mr Vattiata had a gastrointestinal tract and leg damage which makes it somewhat difficult to speak and walk. He is under the care of his Scientology Doctor Dr. Eric Berg for his urgent Stem Cell Therapy prepared for him in California. This has been a Ministry of Labor and Charter violation as he is a devoted Scientologist. Mr. Vattiata must not be interfered with by the Toronto Police Service, Peel Regional Police, Niagara Police and the OPP. There are no more demented food, word, numbers and name games. All psychiatrists, psychologists, psychotherapists, hypnotherapists, nurses, MDs and GPs are to stay away from Mr. Vattiata as he is under the exclusive care of his Scientology Doctor Dr. Eric Berg with Alternative Medicine for his scheduled stem cell therapy. Any interference will be met with Criminal Charges by the OPP under my authority.
